Dear Ms. Mou,

We would like to thank Good Earth for providing excellent services to us throughout a complex payroll transition.

Good Earth assisted us with understanding the requirements of a Taiwanese payroll from our location in the UK and supported us throughout transitioning said payroll, ensuring compliance at every step.

Communication was good and clear and we were able to understand the process with ease.

Continued support with our monthly payroll is ensuring an easy process for us and confidence for our Taiwanese employees.

Yours Sincerely.
